

International Material Data System

IMDS OEM acceptance criteria

	IMDS OEM acceptance criteria
Chapter 1 in IMDS - Creation of component	
IMDS-ID	One IMDS ID for every part number Coloured parts: Representative MDS possible for BMW, Daimler
Measured weight	Mandatory Measured weight; if not available, weight on drawing
Tolerance	Mandatory max. allowed tolerances OEM-specific
Development sample	OEM-specific
Parts marking	Optional Mandatory for BMW, Fiat, Ford, Mazda, Renault, Suzuki, Toyota
Application ID	Mandatory
Language	English
Chapter 1 in IMDS Creation of material	
Name (metal)	According to international standards
Name (non metal)	According to international standards If no official name exists, material name must explain the material name clearly
Trade name	According to IMDS 001 Mandatory for Renault
Material number	According to IMDS 001
Symbol	According to IMDS 001
Classification	Mandatory According to VDA 231-106
Norms / Standards	Optional Mandatory for Daimler (metals), Mitsubishi, Porsche, Toyota
House norms / standards	Optional Mandatory for Mitsubishi, Toyota
Supplier	Optional
Basic substances	
Range	According to IMDS Recommendations
Joker (Wild Cards)	According to IMDS Recommendations
Confidential substances	According to IMDS Recommendations
GADSL	According to IMDS Recommendations Renault: BGO list
Structure of material data	
Structure	According to IMDS 001
Material	According to IMDS Recommendations
Basic substances	According to IMDS Recommendations
Polymers	According to IMDS Recommendations
FBoM	According to IMDS Recommendations

International Material Data System

Chapter 4 in IMDS - Recipient status	
Part/Item No	OEM-specific
Description	OEM-specific
Development sample report	OEM-specific
Drawing No	Optional Mandatory for Mitsubishi, Porsche, Volkswagen
Version / date	Optional Mandatory for BMW, Mitsubishi, Nissan, Porsche, Volkswagen
Change number	Optional Mandatory for BMW, Daimler, Mazda, Mitsubishi, Porsche, Toyota
Sample report number	Optional Mandatory for Mitsubishi
Sample report date	Optional Mandatory for Toyota
Order number	Optional
Bill of delivery No	Optional
Supplier number	Mandatory OEM-specific format
Reason for rejection	OEM-specific
Forwarding allowed	Optional Mandatory for Daimler, Ford, Suzuki
Change Management	According to IMDS 022
Additional remarks	No Disclaimer in the structure tree for BMW, Daimler, Porsche No semi-component datasheets for Renault only at the top of the structure tree
