

AIAG IMDS, PRODUCT COMPLIANCE & SUSTAINABILITY CONFERENCE

October 7 - 9, 2026

There's only one event in North America that brings together the latest insights on **IMDS system updates, PFAS reporting, Product Carbon Footprint, and sustainability regulations** — all in one place.

Join us for the **23rd annual AIAG Hybrid IMDS, Product Compliance & Sustainability Conference**, October 7-9, 2026. Designed to help organizations proactively navigate evolving regulatory requirements and emerging trends, this event offers both in-person and virtual registration options.

Key conference benefits include:

- **In-depth coverage of IMDS Release 15** — explore new features such as Product Carbon Footprint (PCF), Dynamic SVHC updates, MCCP enforcement, and enhancements beyond Release 15.0
- **Expert-led sessions** on PFAS reporting, global legislative changes, and compliance with EU REACH/ELV, CBAM, and Extended Producer Responsibility (EPR) requirements
- **Practical insights** into PCF methodologies, digital product passport integration, and evolving regulatory developments, including the EU Battery Passport and Circular Economy initiatives
- **Interactive access** to the OEM and supplier panel, providing a direct opportunity to network and connect with OEM and supplier representatives, steering committee members, and industry experts
- **Dedicated Day 3 sessions on Product Carbon Footprint (PCF)**, along with updates on key industry initiatives, insights into the Sustainability Data Approval Process (SDAP), and emerging sustainability reporting requirements

Plus, benefit from in-person training covering fundamental “IMDS Tips and Tricks” on Day 1 (optional), and be sure to attend the must-see **“PCF Deep Dive” on Day 3**, which offers essential discussions and guidance to deepen your knowledge.

Whether you are just getting started with IMDS, looking to deepen your expertise, or seeking strategic ways to leverage IMDS for broader compliance, this event delivers the **practical updates, education, and insights** you need.
